

A.P. BIOLOGY SUMMER ASSIGNMENT

Reading: Chapters 24 & 25, 28 through 31 in Biology by Raven & Johnson

- To better understand and remember the material, it is recommended that you outline the chapters.
- Within the first two weeks of school, there will be an objective test on this material. If you have any questions or problems be sure to email me at dmango@hpreg.org and/or ask me during the first week of school.

Below are sample short answer questions:

1. Describe how energy moves through the food chain.
2. Compare primary and secondary succession.
3. Explain the different kinds of symbioses found in nature.
4. Describe how nitrogen is made available to organisms.
5. Briefly describe the major biomes.
